FOR IMMEDIATE RELEASE

October 7, 2009

COAST PAPER EAST LAUNCHES REVIVE100, A 100% POST-CONSUMER RECYCLED OPAQUE

reviveTM

100

Coast Paper East is pleased to introduce **revive100**, a 100% post-consumer recycled opaque, to the Canadian market. This North American-made environmental sheet is certified to FSC responsible forestry standards, and is also manufactured using renewable energy.

revive100 features a clean, smooth surface with a true white shade that enables excellent reproduction of skin tones and solids.

Stocked weights:

Text	50lb	60lb	70lb	80lb
Cover	80lb	100lb		

Coast Paper specializes in the sales, marketing and distribution of fine paper, graphic systems, wide format and industrial solutions. The company is committed to delivering quality products, technology and services that customers can depend on to maximize business opportunities.
