# Coast Paper GREEN GUIDE

DEFINITIONS

### RECYCLING & BLEACHING:

**Virgin** = No recycled content.  
**PCW** = Post Consumer Waste.  
**ECF** = Elemental Chlorine Free.  
**PCF** = Processed Chlorine Free.  
**TCF** = Totally Chlorine Free.

**Green-e** = Renewable Energy Certification.

**Renewable Energy** = Alternative energy sources that are sustainable. e.g. Wind Power.

**Green Seal** = Certification of environmentally-responsible manufacturing, purchase & usage practices.

### CERTIFICATION SYSTEMS:

**FSC** = Forest Stewardship Council.  
**SFI** = Sustainable Forestry Initiative.  
**PEFC** = Programme for the Endorsement of Forest Certification schemes.  
**ISO 14001** = ISO Environmental Management System.

FSC LABELS

#### FSC Mixed Sources 1 (MS1)

Products made with a mixture of FSC Certified, recycled, & controlled materials.

#### FSC Mixed Sources 4 (MS4)

Products made with FSC Certified new materials and 100% PCW.

#### FSC Recycled (RE1)

Products made with 100% FSC Certified post-consumer materials.

#### FSC Mixed Sources 2 (MS2) (MS1 with added möbius loop)

Same as MS1, but with added recycle/möbius loop.

#### FSC Mixed Sources 5 (MS5) (MS4 with added möbius loop)

Same as MS4, but with added recycle/möbius loop.

#### FSC Pure 100%

Products made with 100% FSC Certified new materials.

#### FSC Mixed Sources 3 (MS3)

Products made with a mixture of FSC Certified & controlled materials.
